

How do I embed a video into a Moodle course?

Copy the embed code

1. Find your video on a website
2. Right click on the video and select: Copy embed code. Make sure the advert has finished playing!!

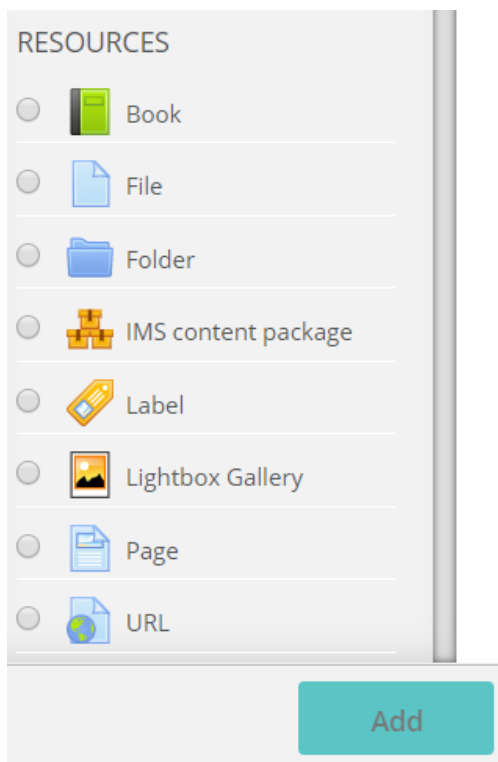

Adding a Label

1. Open your course
2. Turn editing on
3. Go the section you would like to add the Label
4. Click: Add an activity or resource

Turn editing on

[+ Add an activity or resource](#)

5. Select: Label and click: Add

6. Open the Toolbar

7. Select: Edit HTML source

Label text

8. Right-click and paste the embed code, click: Update

9. Click: Save and return to course

Save and return to course
